Definitions

Training and assessment strategy means a framework that guides the learning requirements and the teaching, training and assessment arrangements of a VET qualification. It is the document that outlines the macro-level requirements of the learning and assessment process.¹

Assessment means the process of collecting evidence and making judgements on whether competency has been achieved, to confirm that a student can perform to the standard expected in the workplace. This is expressed by the relevant endorsed industry/enterprise competency standards of a Training Package or by the learning outcomes of a VET accredited course.1

TRAINING AND ASSESSMENT STRATEGY

Code:	SIT20316	Title:	Certificate II in Hospitality		
Release:	3	Release status:	Current	Usage Recommendation:	Current
Parent tra	ining package:	SIT - Tourism, Trav	vel and Ho	spitality Training Package	

Career Prospects

This qualification reflects the role of individuals who have a defined and limited range of hospitality operational skills and basic industry knowledge. They are involved in mainly routine and repetitive tasks and work under direct supervision.

This qualification provides a pathway to work in various hospitality settings, such as restaurants, hotels, motels, catering operations, clubs, pubs, cafés, and coffee shops.

Possible job titles include:

- bar attendant
- café attendant
- catering assistant
- food and beverage attendant
- front office assistant
- porter
- room attendant

Visit http://www.discovertourism.com.au/where-can-it-take-me/career-paths/ for information on careers within hospitality and tourism.

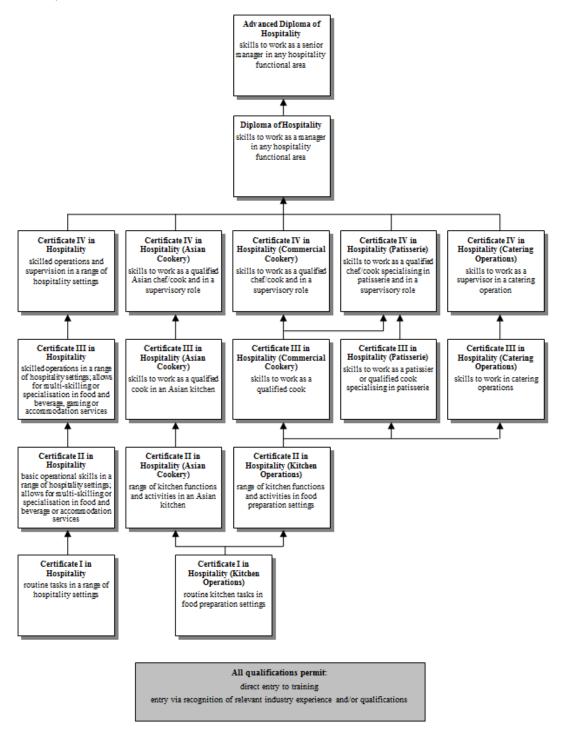

Articulation

Students who successfully complete the Certificate II in Hospitality can gain credits for subjects included in the Certificate III & IV in Hospitality and the Diploma of Hospitality Management if they decide to continue their studies. Under the Australian Qualifications Framework (AQF) Certificate II is AQF Level II.

AQF1 Certificate I **AQF2 Certificate II**

AQF3 Certificate III AQF4 Certificate IV

AQF5 Diploma AQF6 **Advance Diploma** The following summary chart provides examples of common qualification pathways within the industry, but it is recognised that typical career paths are not always linear. The tourism and holiday parks and resorts qualifications are flexible to meet a range of job outcomes and to support a wide range of career paths. They allow for various entry options, including direct entry at all qualification levels, and enable significant credit transfer between qualifications.

Award

Upon successful completion of all units of competencies in the course and a minimum of 50 days (minimum 375 hours)., students will be issued with Av SIT20306 Certificate II in Hospitality. Should a student not complete the entire course, then a Statement of Attainment will be given for the units successfully completed.

Entry Requirements

There is no age limit, but applicants should have successfully completed year 10. Students must be enrolled in a secondary school to be classified a school-based student. Failure to continue at a secondary school would mean the cancellation of school-based training.

Access & Equity

Careers Training Centre (CTC) believes that everyone deserves to have the opportunity to successfully gain skills, knowledge and experience through vocational education and training. This policy has been developed to address the particular requirements of potential students, existing students, CTC staff and other clients.

Careers Training Centre is responsible for fulfilling its commitment to access and equity by ensuring continued participation of target groups in VET programs.

These target groups include:

- Women
- Aboriginal and Torres Strait Islander peoples
- People from non-English speaking backgrounds
- People with a disability
- Rural and regionally isolated communities
- People in transition and other special groups (i.e. people re-entering the workforce, sole parents, people with literacy issues and the long-term unemployed

Careers Training Centre follows the Disability Standards for Education 2017, The Anti-Discrimination Act 1991 and the Disability Discrimination Act (DDA) 2010. Courses are discussed individually with students in a pre-enrolment interview with clear expectations, course outline and requirements, and Workplace Health & Safety requirements given to the individual including:

- Clear course information highlighting core or inherent requirements for the student to make an informed decision
- Enrolment choice and processes discussed
- Once disability is disclosed a meeting is set to explore whether any adjustments could be made or an alternative to course/competencies are possible

These conversations are ongoing during a student's enrolment and all reasonable adjustment is considered For further information, please refer to the Student Handbook.

Language, Literacy and Numeracy Support

All students will be assessed on their Language, Literacy and Numeracy (LL&N) skills on enrollment. This assessment allows CTC to assess the student's competency with literacy and numeracy standards, to then design assessment tasks that support the student learning style, as well as offering ongoing mentoring and support services when required. If assistance is required in any of these areas, this will be discussed with you and one-on-one assistance will be arranged to suit your needs. For further information, please refer to the Student Handbook and support services available.

Unique Student Identifier (USI)

As of the 1st January 2015, any student who is undertaking Nationally Accredited Training with a Registered Training Organisation (RTO) will need to have a Unique Student Identifier (USI).

At your induction, Careers Training Centre will give you the 'Australian Government – Department of Industries Skills Fact Sheet'. This will explain what the USI is, how to obtain one and what it is used for. For further information, go to www.usi.gov.au.

DELIVERY OF THE COURSE

SIT20306 Certificate II in Hospitality is delivered by on-the-job training, off-the-job training, and by the 'selfpaced' method of learning, which allows you greater flexibility in choosing the times you study and the time it takes you to complete the course.

Students are able to request tutorials and one on one tutoring and /or mentoring by discussing their needs with a trainer or assessor. Times and location for accessing these services will be by mutual agreement and allows students to balance the secondary education with a career in hospitality.

Some units have pre-requisites that must be completed prior to the undertaking of another unit. The course outline indicates which units have pre-requisites and the trainer and assessor will place these in the training sequence on the students training plan and record book. Students are required to attend their workplace for a minimum of 50 days, and complete a variety of tasks to gain the competency required for this qualification.

Assessment Strategy

Assessment in this course will be competency based, in that the student will be required to demonstrate competency in a range of tasks. The assessment coding which will apply is either C or NYC, where C is Competent and NYC is Not Yet Competent. Assessment procedures are transparent and address the key assessment principles of being valid, reliable, flexible, fair and cost effective. Assessment strategies encompass a range of techniques, which include, but are not limited to the use of:

- ✓ Direct observation of performance
- ✓ Simulations of workplace activities
- ✓ Role plays and scenarios

- ✓ Oral questioning
- ✓ Practical exercises
- ✓ Video evidence of practical skills
- ✓ Projects/assignments
- ✓ Work portfolios
- ✓ Verbal questioning

Duration for School Based Trainees, the expected completion time is 1 year, with training 3 hours weekly. Employment in the workplace will be for a minimum of 50 days (minimum 375 hours).

Volume of learning 600 - 1200 hours over 0.5 - 1 year

7.5 hours per week of paid employment. Over the period of 1 years, the employer must provide at a minimum the equivalent of 375 hours (50 days) of paid employment.

^{*}All pre-requisites for accredited units must be trained and assessed prior to the start of training for the required unit. Students must gain competency in the pre-requisite unit prior to the start of training for the unit with the pre-requisite.

School-based students must complete work placement within a hospitality industry based workplace and demonstrate consistently over time the skills and knowledge required to work in the hospitality industry and gain the SIT20316 Certificate II in Hospitality. The training and assessment environment must have access to normal operational hospitality resources and Careers Training Centre will that request students attend host employer's businesses to provide the delivery and assessment in a simulated hospitality industry environment if not currently employed in the industry. Careers Training Centre has established agreements with local industry to host training and assessments for students so that they gain the required skill and knowledge with the required resources, in a practical manner and meet the requirements under the training and assessment Vocational Education and Training packing rules.

Businesses who have agreed to allow the businesses to be used for training and assessment are;

- Rainforestation Nature Park, Kuranda
- The Wildlife Habitat, Port Douglas

TRAINING AND ASSESSMENT ARRANGEMENTS

Duration for School Based Trainees, the expected completion time is 1 year, with training 3 hours weekly. Employment in the workplace will be for a minimum of 50 days (minimum 375 hours).

Volume of learning 600 - 1200 hours over 0.5 - 1 year

7.5 hours per week of paid employment. Over the period of 1 years, the employer must provide at a minimum the equivalent of 375 hours (50 days) of paid employment.

Assessments will be conducted by Careers Training Centre at the host workplace of the school based student after discussion with their host employer and the student to set a mutually agreed date and time. Some assessments may be assessed in a simulated work environment, on excursions, in role plays and/or scenarios or any combination of these.

Trainers will meet with trainees and employers to negotiate choice of electives and delivery schedule to match units to workplace activities, contextualising the delivery to the learner / workplace.

All pre-requisites for accredited units must be trained and assessed prior to the start of training for the required unit. Students must gain competency in the pre-requisite unit prior to the start of training for the unit with the pre-requisite.

Details of assessment requirements are detailed in individual units for each student.

To ensure consistency in a student's performance, competency will be demonstrated, to industry defined standards, on more than one occasion over a period of time in order to cover a variety of circumstances and where possible, over a number of assessment activities. Evidence of 12 shifts completed within the Hospitality workplace environment is essential to the completion of this certificate.

A range of teaching and learning strategies will be used to deliver the competencies. These include:

- practical tasks
- group work
- activities in simulated work environments
- Workplace training and assessment of practical tasks and duties in the workplace –Minimum of 36 shifts are required to be completed within the hospitality workplace.
- Trainers will work with the student's employer to ensure that training and the duties undertaken in the workplace support the learning process.
- Tutorials are available for student

• Careers Training Centre utilizes the services of an Indigenous Mentor to work with any student who requires the assistance of a mentor.

Careers Training Centre will ensure learners have every reasonable opportunity to complete their training program.

Course structure

Careers Training Centre will integrate the activities, bringing together a number of units that reflect real industry outcomes and processes.

Set out below are a series of defined activities that a team of participants and individuals achieve in a simulated work environment, providing the framework for industry-relevant learning. This course will be delivered through integration with other units of competency, rather than as a stand-alone learning program.

Some units have pre-requisites that must be trained and assessed prior to the start of training for another required unit. Students must gain competency in the pre-requisite unit prior to the start of training for the unit with the pre-requisite. These units are marked with * to indicate one or more pre-requisites apply.

Student Progress

Trainers and assessors provide student progress information to the employer, the secondary school the student attends and the Careers Training Centre administration coordinator and government regulators as required, and monthly / quarterly / yearly verify that accurate and up-to-date information is recorded.

Secondary schools are advised weekly of school based students attendance

- Data is provided for input only after training has begun.
- A start date and anticipated end date is provided for each unit of competency.

- A list of units of competency in which the student is enrolled is also provided.
- Before each data submission information is reviewed and updated as required.
- Data is provided to the administration coordinator on hard copy each time competencies are achieved by students and when students have achieved the qualification.
- After data entry a printout from the management system is provided to the trainer/assessor for checking, and returned with any corrections to the administration coordinator. This printout is signed and dated by the trainers and assessor as accurate.
- After adjustments or corrections, the administration coordinator operator provides an updated printout for the trainer/assessor.
- On completion of the course, unit outcomes are checked by the assessor to confirm outcomes and whether a certificate or a statement of attainment will be issued.
- The administration coordinator will check to indicate partial completion or successful completion of the qualification.
- The administration coordinator will provide the assessor with a final printout of results.
- School Based Students are assisted to update their secondary educational profiles with the Dept. of Education.

Student Records

Students are able to access their student records at any time by contacting their trainer / assessor or by contacting Careers Training Centre on E:<u>training@careerstrainingcentre.com</u> or T:(07) 40419 454. Careers Training Centre will be able to supply details of completed accredited units, statements of attainments, copies of training plans and record books and feedback on student progress.

All current students will be updated every three months with a copy of their progress but are welcome to request information at any time. Statements of Attainment will be issued at no cost on request by students who are *currently enrolled* with Career Training Centre.

The Australian Skills Quality Authority (ASQA) is the national regulator for Australia's vocational education and training sector. If the provider that originally issued your qualification or statement of attainment has closed, ASQA may hold the student records.

Additional Fees

Students who have completed their study/ training with Careers Training Centre (CTC) will be charged \$35 for the reissue of a Certificate or Statement of Attainment. Students will need to complete an application form to request a copy of their Student Record by Email: training@careerstrainingcentre.com or down loading the forms from Website: www.careerstrainingcentre.com or contacting Tel: (07) 4041 9454 Fax: (07) 4041 9499

Training and assessment techniques or tools used to gather evidence assessment.

Throughout training students will develop new skills and knowledge and combined with the workplace placement, students over time thus gaining recognition of the skills they use with confidence in the work place.

All pre-requisites for accredited units must be trained and assessed prior to the start of training for the required unit. Students must gain competency in the pre-requisite unit prior to the start of training for the unit with the pre-requisite.

Assessors have flexibility (according to the requirements of the Training Package and units of competency) in selecting which techniques or tools they will use to gather sufficient evidence, in a range of contexts, to make a decision (including RPL).

Note: this is a guide only and further detail can be found in the Staff Assessment Guidelines:

- An assessment tool includes the following components:
- The context and conditions for the assessment.
- The tasks to be administered to the candidate,
- An outline of the evidence to be gathered from the candidate
- The evidence criteria used to judge the quality of performance (i.e. the assessment decision-making rules).
- The administration, recording and reporting requirements.

The following matrix gives a general overview of some of the techniques or tools that will be used to gather evidence towards competency to enable judgments to be made about students' competency in each unit

Key to techniques:

- 1. Demonstration / Stimulation
- 2. Project / Research / Interview
- 3. Case Studies
- 4. Written Question & Answer
- 5. Third Party Assessment

Credit Transfer (CT)

Credit Transfer is supplying the documentation to support the skill and knowledge you have previously gained in transfer of supported documentation means that you don't have to complete a competency again, if you have already completed it previously.

Trainers will need to review if your accredited qualification or recognised units are still within a current training package or are equivalent to the current training package or units. Discuss your previous educational qualifications with your trainer to see if this is a possibility for you.

If you have completed an accredited qualification or recognised units of study with a Registered Training Organisation, you may be eligible for a credit transfer.

Note: this is a guide only. Further detail can be found in the Student Information Handbook.

Recognition of Prior Learning (RPL)

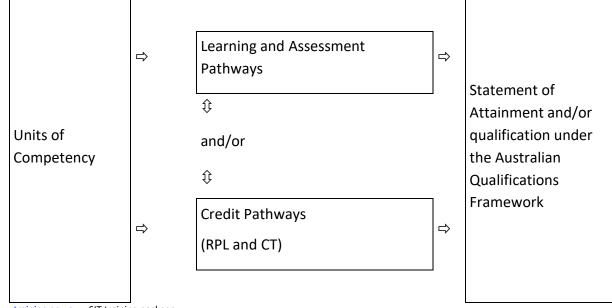

The objective of the Recognition of Prior Learning (RPL) for the Vocational Education and Training system is to ensure that an individual's prior learning achieved through formal and informal training, work experience or other life experiences is appropriately recognised.

RPL assessment collects evidence of learning that has occurred outside the formal education and training system. The RPL process is a more personal process involving the assessor collecting evidence and aligning the evidence to the requirements of the accredited course or training package qualification. Students may request an RPL Application Form for more than one unit.

Note: this is a guide only. Further detail can be found in the Student Information Handbook.

What RPL is Not!

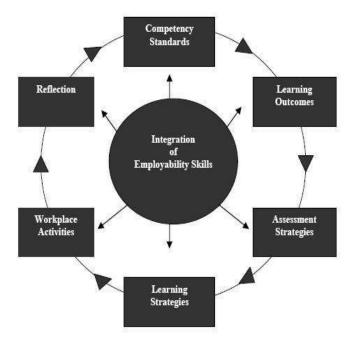

Using the RPL process is not an easy way to get a qualification. It is not a matter of time served or amounts of experience but the specific and relevant learning which is assessed according to the prescribed Competency Standards. Applicants need to be committed to supporting their case by locating and providing suitable evidence and documentation as required by the Careers Training Centre.

Each of these assessment pathways leads to full recognition of competencies held – the critical issue is that the candidate is competent, not how the competency was acquired. Employability skills are integral to achieving workplace competency.

Employability skills are integral to achieving workplace competency. Delivery and assessment of the training and assessment will be undertaken in an integrated and holistic way, as represented diagrammatically below.

TRAINING AND STAFF

Trainers and assessors are qualified, and have a minimum of 5 years industry experience, Minimum TAE40110 Certificate IV in Training and Assessment, Current Blue Card and have completed a Fit and Proper Person Form. All experience and qualifications are verified and copied are placed on their staff files. A staff profile and units of competency are reviewed annually to assess skills and knowledge to ensure it remains current and accurate. Professional development to maintain currency in training and assessment as well as industry experience is planned and regularly scheduled with all staff at the annual performance review.

ENVIRONMENT AND RESOURCES

Some units within the Certificate II in Hospitality will require specific resources and environments for training and assessment. Training will be at locations that can provide the necessary resources for students for the unit they are studying.

The following list details the requirements of the resources and equipment for each of the assessment environments specified within each unit of competency. Additional resource requirements may apply for specific units of competency; these are listed within the assessment unit of each student.

Requirements for the following environments are detailed below:

- Operational commercial kitchen
- Kitchen storage area
- Food preparation area
- Operational bar
- · Operational restaurant or dining area
- Accommodation environment
- Accommodation front office environment
- Tourism office

Vocational placements are required under the Vocational Education, Training and Employment Act 2000 and allows a student to be placed in a work environment to provide the student with practical training and experience that is required under, and is an assessable part of, the student's course.

A vocational placement is generally an appropriate option for students who would not otherwise have sufficient access to the facilities, equipment and range of work necessary to develop and consolidate their skills to the level required of the course/qualification, for example, students not employed in the vocational area in which they are studying and students undertaking their course/qualification through an institutional pathway.

All students are required to attend vocational work placements if not engaged as an employee, within a variety of local hospitality related businesses that support vocational placements for students.

Businesses that support vocational placements for Careers Training Centre are:

- · Rainforestation Nature Park, Kuranda
- The Wildlife Habitat, Port Douglas
- The Cairns Wildlife Dome, Cairns

All trainers and assessors have access to the units of competency, assessment guidelines and qualification packaging rules from the training package at web site: http://training.gov.au/

Careers Training Centre has the resources of the CaPTA Group of Companies to draw upon as a major local employer and industry tourism leader

Continuous improvement

Continuous improvement is based upon assessment validation as per Standards for Registered Training Organisations (RTOs) 2015.

Internal review procedure

All stakeholder feedback is collected and analyses and information reported to the Management Team. Feedback forms are analysed monthly and yearly and reported to the Chairman as part of the monthly reporting structure. This feedback is reported back to trainers and assessors as part of the continuous improvement process monthly and used in the annual performance review for all Careers Training Centre trainers and assessors.

- Feedback is ongoing and consistent with all stakeholders
- Student career pathways are documented in the Student Handbook

Student Feedback

Your Feedback is really important to us!

We really appreciate your feedback. Let us know what is important to you. We have two (2) feedback forms to be completed by students:

1. AQF Survey

On completion or withdrawal from your Certificate III in Captive Animals, Careers Training Centre has an online link for students and employers to complete their AQTF surveys. You may enter your feedback through this link. http://mastersit.com.au/vidatek/wp/index.php/learner/rto/capta. You can also contact us on Email careers@capta.com.au or on our Website and download a feedback form: www.careerstrainingcentre.com

2. CTC Student Feedback

You can complete this feedback form online through this link https://docs.google.com/forms/d/1oLZWCcN XN NuoQj-jJ18YWWmAlV3adnQv9nBWxXilc/viewform?c=0&w=1

If you are concerned about something or wish to identify things we can change or improve a feedback form or questionnaire can be completed. We will ask you several times during the time you spend completing training with us to give us formal feedback. What was good / what was not? Feedback and questionnaires are part of maintaining consistency and best practices for us, so we take them very seriously. We encourage all students to provide feedback and have feedback forms available for students and employers to complete.

Student Data Storage and Security

All information is managed and held by Careers Training Centre and no third party has access to student information unless the student authorises the release of this information or the information is released under legislative requirements as advised in student hand book and sign up procedures.

Information is secured by password security and backup information is stored in an encrypted format for student protection.

What is assessment validation?

Assessment validation involves 'reviewing, comparing and evaluating assessment processes, tools and evidence contributing to judgements made by a range of assessors against the same standards'

What are the benefits?

Assessment validation facilitates processes leading to consistent and valid assessment. In particular, validation activities:

- ensure that assessment strategies meet the needs of school based students;
- facilitate the professional development of assessors; •
- enable enterprises and other stakeholders to contribute to assessment processes;
- provide a means of gathering feedback and identifying ways of improving assessment processes;
- facilitate consistent interpretation of competency standards;
- foster the development of informal networks and provide assessors with access to up-to-date information about what is happening in their industry;
- Help assessors working across the industry to apply consistent standards and make consistent judgements.

These processes build assessors' confidence and industry acceptance of the outcomes of the national training system.

Validation is a quality review process. It involves checking that the assessment tool produced valid, reliable, sufficient, current and authentic evidence to enable reasonable judgements to be made as to whether the requirements of the relevant aspects of the Training Package or accredited course have been met. It includes reviewing and making recommendations for future improvements to the assessment tool, process and / or outcomes. (Source: Standards for NVR Registered Training Organisations 2015)

Assessment validation includes, but goes beyond, assessment moderation and includes Industry Consultation.

Industry consultation

Those consulted must be current in the industry and the consultation should have a clear impact on the strategy for training and assessment

Page | 25

Version 4.0

Validation process

Training and assessment strategies and assessment items are reviewed annually by industry personnel as well other stakeholders, including other trainers and assessors and comments for continual improvements are noted.

ASSESSMENT Validation Process

Training and assessment strategies and assessment items are reviewed annually by industry as well as other trainers and assessors for continual improvements.

Industry representatives consulted in developing the training and assessment strategy. Careers Training Centre ensures that industry representatives are current within the industry and that the consultation has formed part of the development of the strategy for training and assessment.

The units selected combined with the required industry based practical skills together provide a good basis for entry into the industry.

The simulated workplace environment allows for realistic situations, particularly regarding multiple tasks and meeting deadlines and industry time frames within the work placement further enhances this.

Moderation

At Careers Training Centre, moderation is a quality assurance process directed at ensuring that assessments are marked with accuracy, consistency and fairness. Moderation can be effected through several methods and is part of the Quality Assessment Cycle. It includes the entire assessment event, including the design and post-event analysis of the fitness of the assessment of student learning.

Moderation is required for every assessment which involves a degree of subjectivity.

- Assessments are designed so that they are clearly linked to the intended learning outcomes;
- Pre-marking meetings or other activities are undertaken to ensure that assessors are able to clarify their understanding of the assessment criteria;
- Assessment criteria are clearly communicated to students, both in the pre-assessment phase and also when providing feedback; and
- Assessments are subject to regular review: their frequency, style and the relative success rate of students are appraised as a regular part of the improvement cycle

Moderation of Assessment

Moderation is conducted annually with other trainers and assessors as part of the moderation process. All assessment instruments are reviewed to ensure they are appropriate for the units of competency and reflect information contained in the elements, performance criteria, range of variables and evidence guide.
